Garage By 443 High Street, Harlington, Middlesex UB3 5DJ

Guide Price £14,000*

LOCK UP GARAGE CLOSE TO HEATHROW WITH INVESTMENT INCOME

This lock up garage is situated just off High Street, Harlington within close proximity of Heathrow London Airport. The A4 and M4 is within a short drive providing excellent access to Central London, The West and the M25 London Orbital Motorway. The garage forms part of a terrace of lock ups and is situated off a slip road and forms part of a small block that is accessed through a private gate with security padlock access. It backs onto large open space and is currently let at £85 pcm (£1020 pa) which in our opinion seems to be underlet. The garage is sold with the benefit of this ongoing income.

ACCOMMODATION

Lock up garage.
